Getting Ready for Your Glamour Portrait

Sunburn

A little sun looks good, but we can't take the red out of sunburn. **Be careful at the tanning salon!**

Make-Up

Wear your makeup as you would for a night out on the town. Have your makeup on ahead of time and bring it for touchups!

Foot Wear

High heels and stockings are always appropriate. Bring footwear to match your outfits including casual, beach and formal shoes, sandals, etc.

Jewelry

Bring necklaces, rings, bracelets, earrings and other jewelry to fit your outfits and your personality.

Props

Anything to "hide" behind like teddy bears, a favorite pillow of his, anything—use your imagination, but by all means, bring it! We will also provide some props, but things that have meaning to you and him will always make the portrait that much more special.

What to Wear to the Session or Party

If you're going to include revealing poses, wear loose fitting clothes and underthings to the portrait party or session so there are no strap marks or lines.
